OBJECTIVE

To create art & design for maximum effectiveness and appeal.

EDUCATION

Rochester Institute of Technology (RIT)

Bachelor's of Fine Arts, MCL, Illustration. May 2016

WORK EXPERIENCE

Juniper Creates

Jun 2018 - Present

Senior Designer

- Designed plushes, figurines, print designs, and other misc. products for the company's clients. Created mockups for pitches, then manufacturing documents once the product is approved.
- Researched the client, their content, and their fanbase in order to create the most accurate, appealing, and profitable designs.
- Dictated any specifics necessary for production: dimensions, materials, Pantone colors, etc.
- Designed the visuals for labels, inserts, tags and all other associated packaging for products.

Anthem Video Productions

February 2018 - Jun 2018

Animator, Video Editor

- Produced Animated videos to fit voiceover narration for informational videos about the **Peoples Natural Gas** company.
- Created video assets in **Adobe Illustrator**, which were then imported/animated in **Adobe After Effects**.
- Cut and Mixed **Sound FX** for compositing in **Adobe After Effects**.

Luminus Media

January 2017 - September 2017

Children's Book Illustrator

- Provided Illustrations for "**Saddles Up!**", the 5th book in the "Princess Cupcake Jones" children's book series.
- Worked with the former illustrator to maintain the visual style established in the previous books.
- Illustrated using **Adobe Photoshop**

WorkinMan Interactive

June 2015 - October 2016

Production Artist, Designer

- Created concept art and visual assets for games and mobile apps, many of which were tie-ins for properties owned by **Disney** or **Nickelodeon** - such as "Spongebob SquarePants", "Disney XD", etc.
- The majority of work was completed with **Adobe Photoshop** or **Illustrator**
- Worked in tandem with programmers and other artists to ensure a timely workflow and a high quality finished product.
